

Madelyn and her husband, Bill.

MADELYN E. BUTLER, MD

“As founder of The Woman’s Group, my vision was to build a best-in-class practice that would provide comprehensive women’s healthcare. To see that vision come to fruition has been my highest reward!”

- Madelyn E. Butler, Physician

Madelyn E. Butler was born in Cuba and came to the United States with her family at an early age. She spent her childhood in Georgia, then moved to Florida, where she completed high school. She attended the University of Florida and received both her undergraduate and medical degrees. She later completed her residency at the University of South Florida. Since the beginning of her practice in 1994, Madelyn’s contributions to the field have been recognized by both professional organizations

and her peers. She has served as a leader in the Florida Medical Association (serving as Speaker), has provided public education as Channel 8’s “Medical Expert in OB/GYN” and has received the “Outstanding Physician’s Award”. Recently named “The Best OB/GYN Group” by The Florida Medical Journal, Madelyn (and her fellow members of The Woman’s Group) have seen their “best-in-class practice” vision come to fruition. In her spare time Madelyn loves to enjoy her family - Bill (married 20 years), Olivia, Christian and Donovan.
